Just I sten to her Jna
Uh ok
M ss do you sell alcohol here?
Yes we sell beers and cocktai s
Cocktai please

So where should I beg n
You ... , you are supposed to have two aunts. ... You know that my older sister is dead, right ?
Yes ... , my father told me that she died when she was young.

Yes ..., but ...
But ...,
yes ....
.....
You probably don't know that it was me who killed her ....

I am worr ed She may not be able to res st her temper
She w ll have a hard t me try ng to expla n the whole th ng properly
Just leave her be
She s try ng to save J naan her own way
And by do ng so perhaps she w ll save herself
Maybe

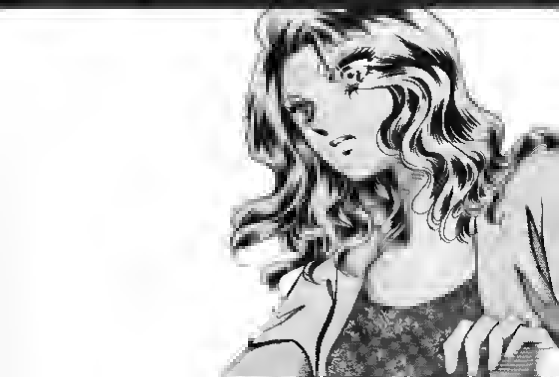
But it wasn't me ! It wasn't
I don't think I really mean to kill her
It happened so fast
Aunt
Yes I need to tell you more So you can understand
My s ster had a f ance who was 2 years older
Her f ance and I knew each other and I l ked h m too
At least I thought so

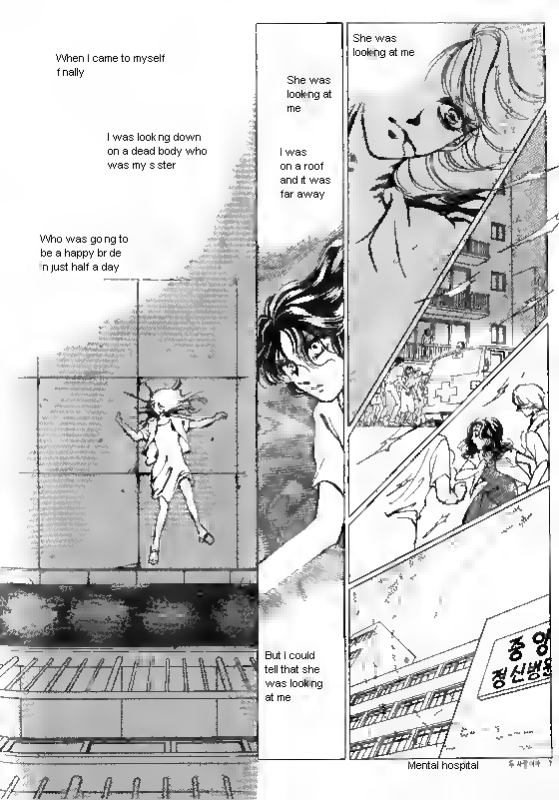
But that was my one-sided feeling and they declared marriage. So, I gave up.
I was praying happiness for my sister's marriage ...
Yes, I did give up.
But then ....
Right before the wedding day ...
Her fiance ... my future brother-in-law called me at night and wanted to see me
The moon was full at that night
For some reason I told him that I'd be there
Yes ... I still wonder why I went out to see him If I didn't meet him at that night
www.jaimes.com

Was I dream ng?
I wonder
He sa d
He sa d that
he l ked me
But everyth ng went
too fast to put a stop
and he dec ded to
go on wth the wedd ng
wth my s ster
He sa d that he just
wanted to let out of
h s mnd for once
And he told me
that it was all he
wanted to say
He wanted blessing
for the wedding
in addition.
t was that moment

I felt as if
It was bleeding
some where in
my mind

And the dropping
blood was drenching
my mind





When I came to myself
f nally
I was look ng down
on a dead body who
was my s ster
Who was go ng to
be a happy br de

She was
looking at
me
I was
on a roof
and it was
far away
But I could
tell that she
was looking

I st ll remember

I feel l ke It wasn't

It wasn't me
It wasn't
It wasn't !!

But there s something I can admit
It s that I did think of a situaton where my s ster d dn't ex st
I do admit that I thought about such a stuat on
I do admit
But I d dn't mean to k ll her
Really I d dn't mean to
So that s what happened
But why s she tell ng me th s ?
How am I supposed to react and what should I tell her ?
After the inc dent
Jankinés
www.jankines.com

I was locked up in a mental hospital
And the family agreed to have it known as "an accident"
Because my sister fell off a roof
And
Since such accidents were rather common in our bloodline
Jina do you know history behind our bloodline ?
No
In our bloodline ... a murder case has always happened per generation ...
Whenever relatives hear an unfortunate incident I am sure that they will let out of a relieved sign

Because that means that they are safe
Before my case ... a w fe killed her husband And I was told that they were a happy couple
it may be too much for you to bare cons der ng your age and all
But I couldn't just sit and wait for it to happen
What ?
What s she talk ng about ?
I am not sure if the pr est was r ght about you
But I can trust Yu Jn
So, if it is really you

I would like to help you ... and save you...
What do you mean ?
It is summer ... but I am getting chills . .
...Victum of this generation ...
You are supposed to be killed
People around you

There are two
people around you
who will be responsible
for your future incident.

Nobody knows what kind of incident will happen to you...
It could be how it happened to me...
Or else ... Nobody can guess
But I can assure you that it was not me at that moment
I trust so.
And I want to prove ...

I always feel ch lls

My body may

I always feel

There are occas onally moments that what you thought you had for granted just flips over
Strngs of sensat on are collapsed and the bare world les n front of you
The world you trusted suddenly becomes a world of mistrust.
And at the very moment ...

You wonder if it is
a beginning of your
misfortune.
Is it misfortune to
be able to face "truth"?

Jaminés
www.jaminés.com

There are two people who will be responsible for your future incident.

Are you alright Jna ?

Oppa

I don't know

I am not sure what I was told really Can you leave me alone ?

Yes of course

I will let you know when we are leaving

Aunt's strange
I think she may not be herself
Am I supposed to just believe her story?
Telling me something like that
But the family meeting
Weird priest
Exorcism
And my aunt I saw just now for the first time in my life
I don't want to admit any of this...
But..., in my mind, "It's true" is becoming stronger than "It's false".
Perhaps, what she said is really true...
That I am going to die.
Actually be murdered by someone ....

Th s s Ike death sentence
L ke a doctor is hesitat ng to whether tell h s pat ent the truth or not
Tell her don't tell her t s the same th ng
It all depends on what kind of person the pat ent s
Let s say that the pr est s not fake
In my op n on Jna w ll be able to stand f ne even after be ng sentenced to death

I hope the curse can be cured somehow.
Every event has its cause.
If we can find the cause for the curse, I think we may be able to find a way to solve this.

What was she thinking? Why did she tell the whole inc dent to someone so young and sensitive ?
She has an exam soon and she w ll be a sen or next year.

You wanted to tell her, too
But I didn't expect that someone who was involved not directly would tell her Its different you know
I was hoping to just tell her to be careful and stuff
I am sorry I am somewhat sensitive now
To be honest I was trying to forget about the whole thing and I've on
What happened to the priest?
Well the priest raised price and we haven't contacted him after that

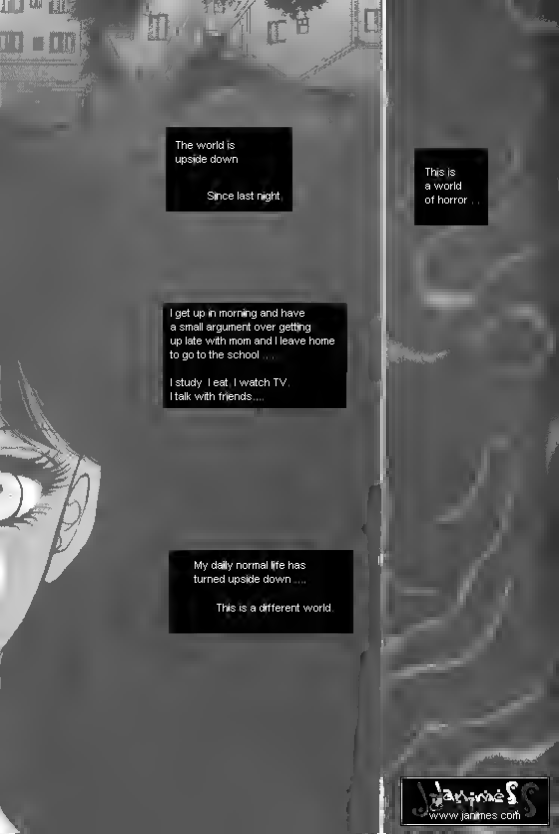
Just because I went out at night ... she tried to strangle me to death ?
No way...
Like aunt said... she must have been possessed by something ...
Then then what she said that's for real ?
Shouldn't we separate Jina and her mother?
Yes
But they can't be separated forever...
Let's just separate them for now and think of something ...
She is not herself right now ....
I think I should send her mother to her parent's house
Jina needs to attend her school...
Well, she isn't going anywhere right now though ....



The world is upside down
Since last night.
This is a world of horror . .
I get up in morning and have a small argument over getting up late with mom and I leave home to go to the school . . . .

My daily normal life has turned upside down ....
This is a different world.

There is reduced chance of her being killed and we can still search for clues.

First of all, we need to discuss this matter with someone who has knowledge or experience about this.
Yu Jin will help.

www.janimes.com

If anything happens call us
Ok
He's acting according to my mood
He's caring about me...
So he was the one who killed his wife
Yeah
After the incident he began to search and study the family's history and the curse. After a while, he quit his job and sold his house
He stuck himself in this house and disconnected himself from everything

I see a lot of people have been ruined
No kidding
My mother for an example She never smiled while living with my father
I think it was only a matter of time that father had an affair
They just lived together because they were married
I don't blame him I rather understand him
Yes
Those who are hurt tend to think that they are the most miserable ones in the world
Not many will realize that such a way of thinking will only make others around them tired and eventually even make themselves more miserable

They have a great deal of influence to their surroundings whether they mean or not ....
What s it ?
Noth ng

Nothing at all ....

Jaksinés
www.janimes.com

I don't know what you want from me
You've survived two attempts
You may be already free from the curse
But I don't have much to say
If it's my story it's not something you'd want to hear really
But I can give you information I've gathered so far
There has been no case that the victims survived two attempts
Even though it's said that there are two people, the victims were always killed by the first attempt
I wonder why it's two people
Maybe, the second one's an abettor of the curse

What ?
I just think that .....
if those who attempted to murder the victims did not really mean do,
if there was someone or something that caused them to attempt such an action, it may be possible that they were driven to do so.
Without even realizing
When mother pushed aunt off the roof
When I was told how she managed to do such a thing
I blamed aunt's fiance for pushing her over the edge
And I thought that he was an abettor of the curse
Perhaps he did not mean to
But it seemed to me that if it wasn't him the whole thing would have not happened

Maybe, that is the second person's role ...
Perhaps ...
How about you ?
Was there anyone who triggered your emotions ?
I ... I don't know ! I don't want to think about it !
I need to visit downtown. I want you to leave !

You are... just like my mother.
Feeling guilty about what you've done and being haunted by it and ruining your life ... It's not like you really did mean to have done so.
Is it really ?
Is running your life a proper way to repay your sin ?
Aunt wanted to be of help.
She said that she didn't want it to happen again. That's why she came all the way to Seoul and even told me what happened.
I think that by doing so she thought she'd be helping me and helping herself

Do we have no choice now?
We can't leave today anyway
Yeah he needs to give us the data
We are going to sleep here today ?
Yeah why ?
Nothing
Don't tell me I am going to dream it again ...

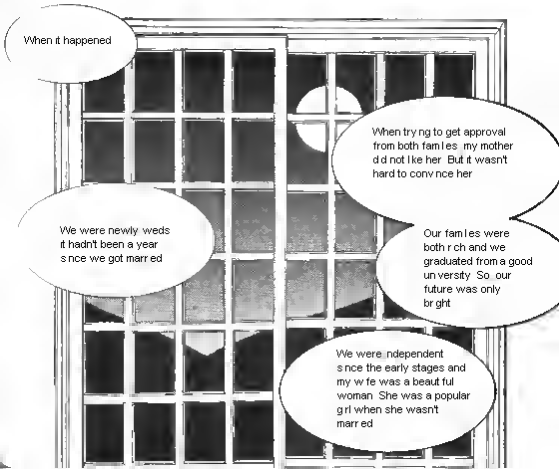
Uh, you bought ingredients
Good !
We will cook this time. Give it to me !
Hey, don't put those in there.
Why not ?
Just do the cooking
Well it looks good but taste sucks
Shut up
Yes th s was how it was l ke l v ng with others

Go on eat
We w ll talk after
d nner



When it happened
When try ng to get approval from both fam l es my mother d d not l ke her But it wasn't hard to conv nce her
We were newly weds it hadn't been a year s nce we got marr ed
Our fam l es were both r ch and we graduated from a good un versity So our future was only br ght
We were ndependent s nce the early stages and my w fe was a beaut ful woman She was a popular g rl when she wasn't marr ed

One day a letter came to me at work
No sender s address and the letter was written by a type writer
너의 부인이 바람피고 있다
너 같은 놈만으로는 만족치 않는구나
Your wife s having an affair She s not satisfied with you
That was all No evidence at all
Just one piece of paper
I figured it was just some wicked play So I tried to forget But I paid some attention to my wife just in case I didn't find anything suspicious I even hired a private investigator
And I thought again that it was just some wicked play
And I tried to forget about it
But it wasn't so easy I wonder why

My parents were l v ng close by So it was easy to make an excuse and v sit them for d nner I tried to stay as long as poss ble at my parent s house
My mother was very happy about me v sit ng often After all I was her most beloved son Bes des she was one who was aga nst the marr age
But she was also one who n the end approved the marr age and let us get our own place
And And someth ng happened
Yes ?
No I can't explan th s log cally
Just
My mother sa d
I saw your w fe wth some young man on street Do you know who he was ?

Jamjames
www.jamjames.com

Yes ?

.... I answered her ... I don't know.

The next day ... I went out with my wife.

I felt stuffed... I figured I should talk with her. So, we went shopping.

My wife ... was very happy about it. She said... that we haven't had time for ourselves for a long time ...

Seeing her like that ... I felt every worry I had simply fade away

Nothing to worry about I thought

And then

And then

We were walking at a crosswalk

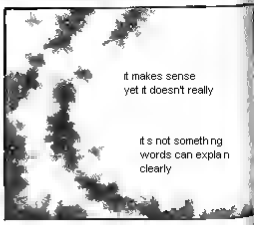
At that moment

I saw your wife with some young man on street. Do you know who he was ?

Her words suddenly struck me
And then without realizing
My hands...
My hands pushed her to the road and
With my own hands...
These hands...

That s all

An abettor is
the second person?
Who was it that
sent the letter ?
Who really s the
second person ?

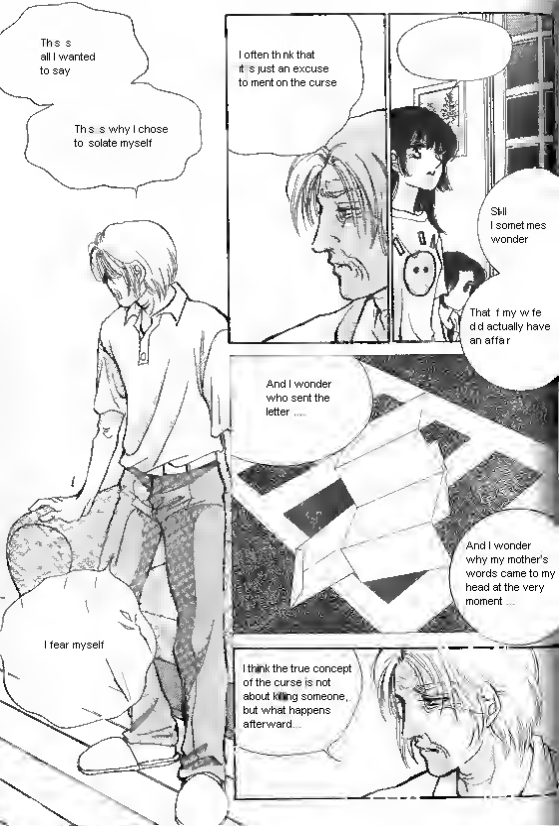


it makes sense
yet it doesn't really
it s not someth ng
words can expla n
clearly

I d dn't mean to kill her
Even f she was actually hav ng an affa r no way would I have wanted her dead
I st ll wonder why
Probably because of the curse
Your w fe was from my bloodl ne I was told
Yes I tr ed to bel eve so and I had done whatever I could to make myself understand and accept
I wanted to prove to myself that it was not me
and understand the curse
So I had spent my t me to d scover and study other nc dents n the past
In the end I ended up here I ve chosen to l ve alone
I just couldn't accept
Do you know what it was ?

?
It was ...
There was
someth ng that
I could not deny !
I may have tried not to
think about it, but
I did feel the desire to
kill at that very moment ... !
Really !
The desire was
different but it
was my desire..
I felt it
That's why I did it !
I cannot deny
that fact !
I did it because
I wanted to.
It was not a curse,
but my will.

That s why it s
Your name s Myeong Hyeon r ght ? Your mother probably kept say ng that it wasn't her r ght ?
Yes, that may be r ght
But was it really at the very moment?
Sir - I
If it was really due to the curse and I had no intent on at all why would I have to feel so much gu t ?
If it wasn't me at all there s no reason that I chose to suffer and run my l fe !
JAY-Z



Th s s
all I wanted
to say
Th s s why I chose
to solate myself
I often th nk that
t is just an excuse
to ment on the curse
Still
I somet mes
wonder
That f my w fe
d d actually have
an affa r
And I wonder
who sent the
letter .....
And I wonder
why my mother's
words came to my
head at the very
moment ...
I fear myself
I think the true concept
of the curse is not
about killing someone,
but what happens
afterward...

Th s s the date I told you about
If you f nd anyth ng useful take them
Is this the original ? It even has pictures
Yes, they are. I don't need them anymore.
I don't want to look at them anymore, either. Take them all.
And you should leave tomorrow
Eh? Um can we stay for one more day ?
Well..I want to try cooking th s t me And I want to look around th s place f t is alr ght w th you
You should leave
My mother comes here once a month and that s tomorrow

She s over eghty and st ll wants to look after me
She doesn't Ike others presence when she s here
Sure
She has always told me that I p cked a wrong woman
If she f nds out that you are from her bloodl ne she w ll not Ike your presence at all
Myeong Hyeon went upstars
I I am afra d
What s t Jna ?

Not about ghosts or the curse
But about us humans
I am afra d of myself who s th nk ng we rd stuff at a t me l ke th s
And I found h m so m serable I w sh there were someth ng we could do
I feel the same ...

www.janimes.com

There is really nothing we can do for him?

Good

It seems you've recovered enough to have mind to worry about others

That's because so much happened so fast

You have been kind of not yourself

?

Uh
I
Let it out
Cry

I haven't actually cr ed properly lately

Because it wasn't sad

it was just horr fy ng

I only fet Ike my blood n my head was be ng dra ned

I am sure he wanted to cry freely for once
I wonder what kind of life he has led since the incident..
Looking at him... It came to me that ....
Perhaps those who were killed were luck'er ones than those who k lled
Is it just me ?
I....

Yu J n oppa ?

it d dn't mean anyth ng
it s pretty common
n Amer ca

Yeah ?
Well it wasn't

No
He must be worr ed
about you
Shouldn't you g ve

Why ?
He doesn't need to know everything but he deserves to know a little
Do you want me to call him?
No ... you don't need to It's alright
We
It's over.
What ?
I guess there wasn't even a beginning to it
It's over anyway
It ended

www.janimes.com

It s less scary th s way
Maybe I am hav ng n ghtmares because of where I am
An abettor is the second person ... ?
Could an abettor have driven mother and the priest to attempt to kill me ... ?
If so n h s case the abettor was

That's right ! It was his mother !

Let s sleep here togehter n the lv ng room
Myeong Hyeon, you can go back to the room f you want

Yes whenever I am not n a good condit on I tend to see her
You knew the ghost That means you saw her before too
Do you know her ?

She was my girlfr end when I was n Amer ca
She committed su c de when we were supposed to go to a party
I can feel his temperature through the pillow ...
I can't dare to ask him anything now ...

www.jaimes.com

Yes I w ll get a cup of coffee when we stop by a stat on
Are you go ng to be alr ght though
To be honest I slept very well last n ght it s been such a long t me s nce
I was sleep ng deep enough not to hear anyth ng last n ght
I th nk I had a dream Wh le I don't remember what it was about I have a feel ng that it was a very pleasant dream
I th nk I saw someone who I ve been long ng
I must say that you helped me.
Um I have someth ng to say

I don't know how you will take this but
If it was me who were killed by you I think I can understand
I think you've had your punishment
So
Is that so Thank you
I am going to go to downtown today
I am going to get a haircut
I am going to wash in a public bath and watch some latest movies
And going to wander around streets

And when mother comes n evenng I am go ng to talk to her
I don't know what kind of conversat on we w ll have though
But ... I do remember this ...
Even though she has always blamed my wife and her bloodline,
Dur ng her funeral she looked so vacent and wa led
I th nk I am go ng to be alr ght

Take care
You should sleep if you are tired Jina
I will wake you up when we reach a station
Ok
He must have had very stressful life during past 30 years
But I don't think he became weak

Despite what happened last night

I could fall asleep well

I thought it was because of what he said

I wanted to help him

But I was I was helped rather

I thought I found hope

I must say that you helped me

I thought he was saying that to me in my dream

Really

Yes

If something happens one should try to solve it

Even if failure is inevitable

Even if its result is death

One should do whatever
can be done

Right...?

Ghosts can't harm
people directly

Curses can't either

After all, it's all about us,
humans
